Re: Freedom of Information Act Request

To Whom It May Concern:

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, as amended by the Electronic Freedom of Information Act Amendments of 1996, and implemented by the Environmental Protection Agency (EPA) at 40 C.F.R. Part 2, I hereby request EPA to provide all Records concerning or relating to 1001 North Montello Street, Brockton, Massachusetts (Property).

In particular, this request seeks information regarding polychlorinated biphenyl (PCB) contamination at the Property. During the construction of a cellular tower at the Property in 2010, an environmental consultant discovered soils containing PCBs in excess of Massachusetts and EPA reporting requirements. The Massachusetts Department of Environmental Protection assigned this matter Release Tracking Number 4-22831. The person undertaking the response actions for the PCB contamination was Barbour Realty, LLC. Barbour Realty, LLC submitted a Self-Implementing Clean Up Plan with EPA in March 2011.

Thank you for your cooperation with this request. Please do not hesitate to contact me if you have any questions regarding this request.

Very truly yours,

Peter F. Durning
